Dear Dennis:

I am writing to thank you and your company for the beautiful job you did re-plastering the activities pool tank at the Hamilton-Lowe Aquatics Center in Moscow. Everyone we dealt with from your company was knowledgeable, professional, and easy to get along with, and the finished product was everything we expected.

Even though our wet spring this year created challenges for completing the job on time, your crews worked long hours when they were on site and the weather was cooperative. We especially appreciated their dedication on the holiday weekend before our opening when they sacrificed their time off to ensure that their work would be completed in order for our staff to make final preparations so that the facility was ready on opening day.

Thanks also for suggesting that we allow you to change the color and texture of the zero entry "beach" on the activities pool. This change was a great addition, and we have received numerous positive comments on the new look.

Overall, we were very happy with our experience with your company and wouldn't hesitate to hire you again or recommend your services to anyone else.

All the best,

Roger Blanchard
Parks & Facilities Manager
